 - Gave brief background on school and work and he is slowly building up people that follow us on Facebook
 - 5) Introduce Juan Vargas who is responsible for CVENT
 - First time he has been able to make any of the meetings and provided brief background on work and his travels
 - 6) Recommendation made by Dan Ruggles to obtain a iPad and credit card reader (<https://squareup.com/>) so attendees that wait to show up for an event on the same day will have the opportunity to pay by credit card. Requires that the attendees be manually added to the Cvent and then register that they attended so they can receive their CPE certification.
 - See www.square.com; free sign up
 - 2.75% Per Swipe, Dip, or Tap or 3.5% + 15¢ Per Keyed-In Transaction
 - You can also set up invoices and get paid by credit card. Low fees around 3.5% in total.
 - It is free. If you want a reader that is more secure (chip) then it will cost a small amount.
 - Johan has used Square for years for HIMSS and Scandinavian trade association.
 - Grace Roth seconded the motion and the Board agreed with the following caveats:
 - Don't advertise that we have this capability so we focus on using Cvent as much as possible
 - People on the Waitlist should take precedence over people that just show up. You have to manually add them to Cvent and then check them in so they get their CPEs
 - Use the device with the existing iPad and don't buy another
